In Preparation:

Zhu, N. & Kong, F. (In preparation). Neural mechanisms underlying the link between child maltreatment and prosocial behavior.

Research Experience

09/2021 - Present   Under the supervision of Associate Professor, Dr. Feng Kong, Shaanxi Normal University

- Examining the consequences of childhood adverse experiences on well-being and prosocial behavior using daily diary approach
- Investigating the development of social emotions and prosocial behavior through meta-analytic methods
- Exploring the cognitive-affective structure of gratitude with SEM modeling

12/2022 - 03/2023   With the guidance of Associate Professor, Dr. Feng Kong, Shaanxi Normal University

- Leading a project called "Text Analysis of Microblog on Social Governance Policies"
- Examining the public attitudes and emotional responses to quarantine policies of Covid-19 using sentiment analysis and subject analysis to analysis the microblogs on social media
- Finding that emotional responses could efficiently predict the adjustment time of quarantine policies in different regions of China

09/2020 - 06/2021   With the guidance of Professor, Dr. Ziming Zeng, and Associate Professor, Dr. Zhongyi Hu, Wuhan University

- Examining social media behavior and its relationship with personal characteristics and well-being
- Searching, categorizing and selecting literature

12/2019 - 2/2020   With the guidance of Associate Professor, Dr. Lin Wang, Wuhan University

- Developing educational administration system for School of Information Management, Wuhan University
- Completing the functions of information import, export and search, and title evaluation algorithm design
- Designing data flow chart, plan the content and format of sql table, design output format with Java

Extra-curricular Activities

10/2022 - 11/2022   Participant **–** Program for the Cultivation of High-level Internationalized Talents
- Finishing the course of "Big data and public health management" taught by Prof. Ramezani, UCLA

01/2020 - 01/2021   Research Assistant – Lab of Information Management, Wuhan University
- Equipment management, including computers and other equipment for conducting experiments
- Web design for the lab
- Operational manual writing, including eye tracker, motion capture device and virtual reality device

10/2018 - 09/2019   Founder and Leader – SIM Drama Club of Wuhan University
- Founding and leading over 30 members taking part in drama competitions and performances
- Being the director and actor in multiple plays like "Romeo and Juliet", "Tartuffe"

09/2017 - 03/2018   Member – Student Union Publicity Department, School of Information Management, Wuhan University
- Creating promotional videos of various campus activities, among which the end video has been adopted and used by the department for years.

Certificates and Honors

05/2023	Second Prize, National English Contest for College Student, China
03/2023	Second Prize, "Challenge Cup" National College Student Curricular Academic Science and Technology Works Competition, China
03/2023	Honorable Mention, English Speech Contest, Shaanxi Normal University
12/2022	¥8000 Second Prize, Graduate Jixue (Academic) Scholarship, Shaanxi Normal University
05/2022	Second Prize, National English Contest for College Student, China
12/2021	¥4000 Third Prize, Graduate Jixue (Academic) Scholarship, Shaanxi Normal University
07/2020	Honorable Mention, Midwest Translation Competition, China
11/2019	Third place, Autumn melodrama individual competition, Wuhan University.
05/2018	Outstanding student leader, School of Information Management, Wuhan University

Specialized Skills

Statistical Analysis and Software

- Expertise in multilevel analysis in Mplus
- Expertise in meta-analysis and cross-lagged panel analysis in R
- Expertise in processing EEG and fMRI data in MATLAB
- Expertise in data crawling, data cleaning, and data analysis with Python
- Expertise in doing natural language processing with Python
- Expertise in conducting machine learning with Weka, Python or Java
- Expertise in storing and processing data with sql and Java
- Expertise in data visualization using Tableau.

Languages

- English: TOEFL 103
- Chinese: Native Speaker

Others

- Web design with JavaScript in Dreamweaver
- Server deployment on GitHub and server machine
- Software engineering with Vue, spring boot, and miniApp of WeChat
- Video and picture processing with Adobe Premiere, Adobe Effects, and Photo Shop
